3.2.1 Greens may be timed by the umpire with a member of the opposing **side** not less than 30 minutes and not more than 45 minutes prior to the commencement of each pennant match and the green speed displayed on a suitable notice board at the venue.

3.2.2 The recommended green speed for pennant is in the range 13 to 17 seconds. In response to genuine complaints, the Region's Greens Committee has the authority to check offending greens and, should improvement be necessary, corrections must occur within two weeks of appropriate notice being given to the Club. Failure to achieve this will result in approval for the use of the green/s being withdrawn until the recommended speed guidelines are achieved.

3.4 Selection of Players

3.4.1 Selection of players for pennant competitions will be based on merit with players selected for sides in descending order of ability.

3.4.2 **Male bowlers are not eligible for selection in Midweek Pennant Competitions in the position of skip and not more than two male bowlers to be selected in any team of four playing in Midweek Pennant.** Sides defaulting in relation to this rule shall incur the same penalties which apply to sides forfeiting matches, with opponents receiving all match points and shots in accordance with rule 5.6

3.8 Withdrawals and Walkovers

Withdrawal of a side from a pennant competition after the draw has been made by the Pennant Committee will incur a fine of \$250.00 to the offending Club payable within 14 days of demand by the Region Executive. Any Club giving a walkover will incur a fine of \$50.00 per side per week.

3.9 Fines

Where a club incurs a fine in respect of default by a Pennant side and has not paid the fine within the allotted 14-day period the club concerned shall be ineligible to compete in matches until payment of such fine is received by the Treasurer/Secretary of the Region.

3.10 Promotion and Relegation

3.10.1 The Region's Pennant competitions are run primarily on the basis of a promotion and relegation system involving two sides up and two sides down. However, the final determination of sides to be promoted and relegated is a matter for the Pennant Committee's consideration each year having regard to the number of sides candidate clubs have in relevant divisions and to any necessary structural changes envisaged for the competition.

3.10.2 If a side is unable to be promoted due to the application of Rule 6.1 then the next highest-ranking side shall be promoted.

The Geelong Bowls Region Pennant committee, or its appointed sub-committees, shall have the authority to determine, **up to two hours before the scheduled commencement of play**, whether or not all play will be abandoned for the day.

3.13 Where play is abandoned, all clubs shall be advised of the decision as soon as possible and all matches (other than finals) scheduled for that day shall be deemed ties and points allotted accordingly.

3.14 Where a decision to abandon play is not made by the Pennant Committee, the Green's Director or a person carrying out the duties of Green's Director has sole authority to determine whether a Club's green or greens are fit for play. Should the Green's Director, or the nominated representative, decide, prior to the arrival of visiting sides, that the green or greens are closed for the day, prompt telephone advice should be communicated to opposition Club.

3.15 Midweek Pennant: If due to inclement weather a match has not commenced by 11.30am (before Xmas) and before 11.00am (after Xmas) it will be abandoned.

3.17 Where play has commenced and subsequently due to consideration of the weather one side wishes to leave the green, both sides can leave the green but must remain in the vicinity whilst the Umpire resolves the issue.

3.18 Where play has commenced and has been stopped owing to inclement weather or because the Green's Director or the nominated representative declared the relevant green unfit for play, it shall not be resumed if the green remains closed for play, but if otherwise, the Managers shall decide whether to resume or not, other than under the heat policy. Failing an agreement, the decision shall rest with the Umpire.

3.19 If the Pennant Committee representatives have not determined that all play shall be abandoned for the day owing to inclement weather and a Sectional match is subsequently abandoned, it will count as a tie providing that if the scores are such that one Side must win the match if all the remaining ends were played, that Side will be awarded the match with the scores as at the abandonment match.

3.19.1 If a result has not been achieved in the majority of matches in a Division all matches in that Division shall count as a tie.
